

VICTUS 90

VERTICAL FORM-FILL-SEAL MACHINE FROM FABCON

Available in single or twin tube configurations, the Victus 90 bagmaker complements FFS's extensive range of processing, distribution and seasoning equipment; this mid-range, intermittent motion machine is capable of producing up to 90 bags per minute of potato chips/crisps and snacks, as well as many other free-flowing products.

Thanks to many years of experience on the part of its design team, the competitively priced Victus 90 offers unparalleled levels of reliability and ease of access for maintenance.

The comprehensive specification includes as standard:

- Stainless steel construction
- Tool-less change of forming tube/shoulder
- Film drive belts directly driven
- PEC wrapper registration
- Material splice assist
- Reel run out sensor
- Seal patterns and depth to suit
- Quick blade changeovers
- Siemens electronics and PLC
- Festo pneumatics
- Bonfiglioli motors and gearboxes
- Simple operation and maintenance
- Automatic belt tensioning
- Tool-less belt changes

VICTUS 90

SPECIFICATION:

Speeds: up to 90 bpm per tube, depending on product, film and feeding arrangements

POWER AND AIR REQUIREMENTS:

Air pressure: 6 Bar constant pressure

Average air consumption: 1000l/m

Voltage: 380VAC, 3ph

SIZE RANGE:

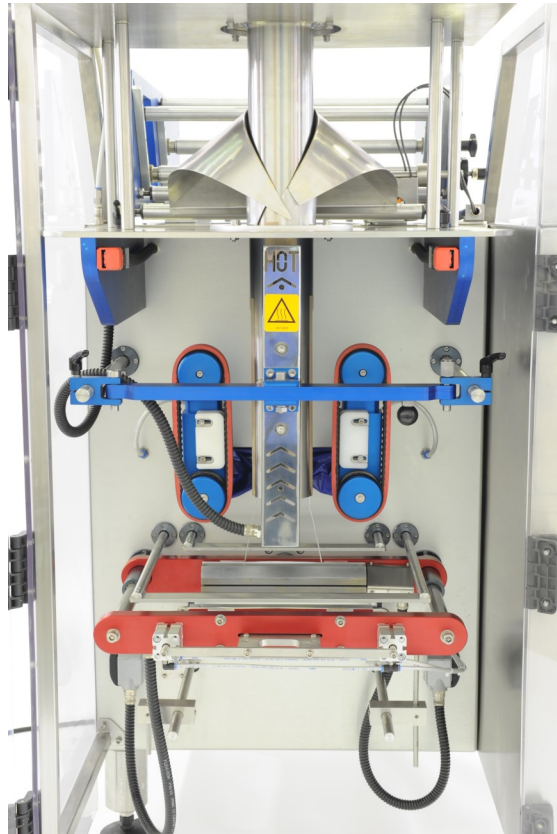

Bag length: Min: 60mm Max: 380mm

Bag width: Min: 70mm Max: 210mm

Film Reel (max): Width 440mm Diameter: 350mm

OPTIONS:

- Strip/chain packs
- Hole punch/Euro slot
- Gas flush
- Gussets
- Block bottom bag
- Date coder
- Product stripping
- Product catcher
- Product plunger/poker
- Twin machine configuration

Fabcon Food Systems is a leading supplier of high quality, British built equipment to the food processing industry in Europe and beyond. We offer a wide range of products providing processors with ideal solutions for processing, product handling, sorting, flavouring, weighing and packing.
